Subject: Today- Guest Presenter Dr. David Marshall

Please register for this hands-on workshop with our guest presenter, Dr. David Marshall.

Program Map Workshop

This is an invitation for Faculty from the Accreditation and SLO Committee to join us for a discussion and hands-on workshop with Dr. David Marshall.

The Workshop will focus on what a curriculum map can tell you about your program:

- **PLOs that are over or under measured**
- **Required classes that don't align with PLOs**
- **How course data can be dropped into measureable PLOs**
