Common Application- Course, Program, and Catalog
b Committee Recommendation

Date: 01/13/2022

To: Academic Senate Presidents

From: Common Application Sub Committee

Re: Common Application Implementation Impact

Background

SBCCD brought together a team of faculty, staff, and administrators to implement a common application that will allow students to complete one admission application and enroll at SBVC or CHC. As part of the implementation, a Sub Committee was formed to explore any impact on courses, programs, and the Catalog. The table below identifies areas that need to be further examined by faculty and staff to collect input and feedback.

Topic	Impact	Venues for Discussion	Recommended Action
159 courses do not always have the same pre-requites/co-requisites.	-Students may opt-out of enrolling at a particular college. -Students may need to look at the "also offered as" to determine what courses equate to the college courses. -Students may need to seek counseling services.	• Academic Senate • Classified Senate • Student Senate • Enrollment Strategies • Faculty Chairs • Counseling Dept. Meetings • Additional groups as needed	
Courses do not have the same ID numbers	Students may not be aware of this and may create obstacles to enrolling in courses	• Academic Senate • Classified Senate • Student Senate • Enrollment Strategies • Faculty Chairs • Counseling Dept. Meetings • Curriculum Committee • Additional groups as needed	
Integration of	Understanding the	• Academic	

Guided Pathways	connection between this project and the Guided Pathways work that is currently taking place	Senate • Classified Senate • Student Senate • Enrollment Strategies • Faculty Chairs • Counseling Dept. Meetings • Guided Pathways Taskforce • Additional groups as needed
Course registration restrictions vary between the colleges	A student may opt-out of enrolling at a particular college	• Academic Senate • Classified Senate • Student Senate • Enrollment Strategies • Faculty Chairs • Counseling Dept. Meetings • DAWG • Additional groups as needed

Recommendation

The Sub Committee is soliciting input and feedback from constituency members to help make recommendations on the topics listed above or identify any additional areas that may need to be considered. A survey has been developed to collect input and feedback and identify any other impacts resulting from the implementation- the link to the survey is https://sbccdxm.qualtrics.com/jfe/form/SV_eb7i3i9bvAPPazY.

Timeline

The Sub Committee will gather input and feedback during the fall and early spring. The Sub Committee will meet in early spring to review the information collected from the survey and determine if there are any recommendations or changes.
