

# Creating Access and Equity for students with Open Educational Resources

Keynote Speaker and Facilitator:

**Dr. Cable Green**

Director of Open Education at Creative Commons

Cable works with the global open education community to leverage open licensing, open content, and open policies to significantly improve access to quality, affordable, education and research resources so everyone in the world can attain their education goals. He's a leading advocate for open licensing policies that ensure publicly funded education materials are freely and openly available. Cable has 20 years of academic technology, online learning, and open education experience and helped establish the Open Course Library.

**Friday, October 28, 2016 | 8:30AM - 3:00PM | Student Center**

This annually popular and successful one-day conference will feature presentations, hands-on sessions, and a keynote address. The focus will be on Open Educational Resources and how OERs can provide increased access, equity, engagement, and success for students.

## OPEN EDUCATIONAL RESOURCES (OER)

### CONSIDER ADOPTING A FREE OPEN SOURCE TEXTBOOK

“The most common factor cited by faculty when selecting educational resources was the cost to the students. After cost, the next most common was the comprehensiveness of the resource, followed by how easy it was to find” (Babson Survey Research Group, Opening the Textbook, 2015-2016).

“Open educational resources (OER) are free and openly licensed educational materials that can be used for teaching, learning, research, and other purposes” (Creative Commons).

Total funds requested: \$13,428 Date requested to receive funds: 11/1/2016

Please provide a brief proposal of your request for funds and tell us how this request ties into the Strategic Planning goals (list the Strategic Planning goal number from the Strategic Planning document):

(Goals 2.15, 3.9, 3.12) The hiring of our Division Office's Secretary II position has been put "on hold" for quite some time. It is #6 on the 2015 Program Review priority list. We have a 19-hours per week Student Services Technician II employee funded through the CTE Transitions grant. I would like to request to convert said position to temp. full-time. Added responsibilities will be for office support of our faculty and students. Additional funds requested through General Fund is \$13,428.

Has this item been submitted through the Needs Assessment process for Program Review? Yes

If not, please provide a brief explanation:

Not applicable.

(Student Success 2.6.6; Health & Safety Issues) A 19-hour per week Tool Room Specialist position was eliminated due to the sudden cut of the HSI STEM Grant funding. This has impacted the staffing coverage of our Tool Room especially in the evenings and on Saturdays limiting our support and services to our faculty and students during their laboratory sessions. Our Tool Room staff ensures that all equipment and tools are in good working condition and assists instructors for safety in the labs.

Has this item been submitted through the Needs Assessment process for Program Review? No

If **not**, please provide a brief explanation:

The funding for the part-time Tool Room Specialist position ended in May 2016. The request to fill this classified position has already gone through our Division prioritization process for the 2016 - 2017 Program Review Needs Assessments submission.
