PRESIDENT’S REPORT

Our Mission: San Bernardino Valley College maintains a culture of continuous improvement and a commitment to provide high-quality education, innovative instruction, and services to a diverse community of learners. Its mission is to prepare students for transfer to four-year universities, to enter the workforce by earning applied degrees and certificates, to foster economic growth and global competitiveness through workforce development, and to improve quality of life in the Inland Empire and beyond.

Dina Humble, the new Vice President of Instruction was introduced with quick introductions around the room.

Enrollment is a little soft. We are about 150 FTEs off our target rate. We are showing more students but they are taking fewer classes so will try to make it up in the summer. Rick mentioned Fall 2018 vs. Fall 2017 shows 390 over so this will be reviewed and brought back to the group for discussion.

More discussions will be coming up on our Promise Program which is the upscale of our Valley Bound Program. We will also discuss aligning our goals that are within our Strategic Plan with the State Chancellor's Vision for Success. I don't think we have to change any goals, just align them with the State Chancellor's Office.

VICE PRESIDENT'S REPORT– S. STARK; D. HUMBLE; S. THAYER

ADMINISTRATIVE SERVICES:

No report.

INSTRUCTION:

Dina Humble said she will be working on Guided Pathways, AB705, Accreditation Process and Enrollment this semester with the Deans.

STUDENT SERVICES:

Scott Thayer announced there will be Extended Office Hours in Student Services with some offices open the first two Saturdays for students.

UPCOMING POSITIONS/FILLING POSITIONS

Wallace Johnson announced he will be filling a full time faculty position in Administration of Justice due to retirement.

Marco Cota will be filling a full time Counseling position due to retirement and a classified secretarial position due to a vacancy.

Scott Thayer said the Student Services Outreach Coordinator position is in process.

Diana Rodriguez said HR should be sending a list of available positions and where they are in the process every month.

PROGRAM REVIEW RANKING – S. STARK

Objective today is to take the funding available to us and apply to priorities of Program Review and the four categories: Equipment, Budget Augmentation, Technology and Facilities. We will take a look at and discuss the priorities as listed in order by the Program Review Committee, Technology Committee and Facilities and Safety Committee. This group will make a recommendation to the President who has the final decision.

Money is one-time directly from our General Fund balance and will not be renewed. It will be for this year only but will be built into the budget as a one-time item for next year and not to exceed a 10% increase. The total is \$500,000 as recommended by the Budget Committee and with the increase, \$450,000 will be budgeted. Alternate Funding may be used in some areas. \$450,000 was originally divided four ways for each category, and after discussion, was changed to number of requests and dollar amount requested. If a requested item cannot be partially funded, the next line item will be reviewed and all agreed to this.

David Bastedo suggested allocating the percentage of need out of the total and fund part of everything rather than dividing by one quarter of the total and funding all of an area's request. Paula suggested discussing the budget needs with emphasis on academic support services (tutors and supplemental instruction.) She also wants the Needs Assessment sent out campus wide so everyone has access. Mary supported emphasis on academic support services to encourage student success.

Scott Stark entertained a **Motion to Approve** the **Program Review Needs** prioritization on the spreadsheet with the modification condition that if any of the items aren't needed, the funds will roll down to the next requested line item. Rick Hrdlicka moved, James Smith second to approve \$192,480 for Budget Augmentation; \$120,000 for Equipment; \$111,520 for Technology and \$26,000 for Facilities for a total of \$450,000. Discussed taking \$20,000 from wall cabinets in Biology and \$20,000 from jet engines in Aeronautics to fund the HLS second floor wall but did not have enough votes in the committee's informal poll. President may move to fund the HLS wall if there is \$20,000 extra at some point and may eliminate the wall cabinets.
