VPI Report	**Baccalaureate Degree Updates:** Dr. Humble provided an update on the Water Resources Management Bachelor of Arts Degree. The application has been submitted; part of the application process involves submitting a substantive change to the ACCJC. This will be submitted today and will be on the agenda for the ACCJC Substantive Change meeting at the end of February. 	way to achieving our overall targets. Over the weekend, we had 200 additional students register for online classes.

Curriculum is the basis of what we do as a college. There are different types of students, some want in person classes, others want online or hyflex classes. We have different modalities to offer to our students. It is exciting to be up in enrollments and look forward to that in the next couple of years. |
| New Business | **AB 1705 Memo:** Bethany Tasaka will be sending the Committee a memo from the State Chancellor's Office about AB 1705.

SLO Symposium: Bethany provided an update on the SLO Symposium. Updates include AB 928, Ethnic Studies, IDEAA in curriculum, Competency Based Education, OER, etc. – See SharePoint for the PowerPoint presentation about the SLO Symposium.

Meta Components: The Committee discussed some frequently asked questions that faculty may have when entering curriculum into Meta. |
| Old Business | AB 928 Updates – May 31st is the deadline date for when colleges will know about the new CalGETC GE Pattern. |
