MACH 010	M. Caldwell-Betties	Deletion	These courses are a part of the Industrial Maintenance Certificate. These courses have been offered for 4 years, but all have been cancelled. The department has been unsuccessful in finding teachers for the course. These courses are also difficult for students to take since they are low-unit and it will take a lot of time for them to graduate with this certificate. The content of these courses are also available in other MACH courses.	Forwarded
