Updates

John Stankas – Diversity, Equity, and Inclusion: John presented the final document to our Academic Senate and it was well received.

Matt Robles – Group Work Updates: Over the years, the colleges have wanted more support across California and across the country. There was a grant awarded for regional support and over the last few months we have been working with our region support representative on focusing our efforts in the right direction and on specific goals. This is how we got to where we are right now. Now we want to elevate those efforts and arrive at more focused goals as we move through this next year. That is the focus of today’s break out conversations.

	<p>The committee agreed to complete 2 maps, one with Area F (Ethnic Studies) included and one without. The committee leads advised the attendees that the maps are not for the students to use; they are for us to create a blueprint in our system to input the maps into Starfish Degree Planner. The deans asked for an extension on the due date for the maps as the chairs are working on other reports. The committee agreed to extend the date from 3/16/2021 until April 6, 2021 to allow extra time and remove a stressor from the department chairs. Patty Quach volunteered to assist in coming up with a student survey that will allow the committee to gather for student voices in our work. There was a suggestion to reach out to Dr. Ray Carlos get students to participate in student voice efforts. The committee was reminded that all curriculum updates will be taken directly from the curriculum committee. Mapping will need to be updated whenever changes are made; they will need to be reviewed and updates annually to ensure compliance to intended institutions.</p> <ul style="list-style-type: none"> • Diversity, Equity, and Inclusion/Ensure Learning: Group Lead John Stankas.
