**Discussion Topics**

**Welcome**

Welcome and Call to Order.

- Review and Approval of Minutes

**Review of Success and  
Retention Workgroup  
Logic Models**

Anthony Castro - review of logic models, one was created for each one of the objectives discussed in previous meeting. Academic Senate will be asked to vote on these, so we will have the support in the last semester.

- Gateway courses and AB705 - Anthony hopes to have key players meet to work as one unit. The AB705 Improvement Plan is due in March, Christie Gabriel-Millette to bring together some of the concerns mentioned in today's meeting.
- Development of departmental applied learning experiences in student programs to include STEM, MESA, Student Success Center, DSPS, Writing Center, Counseling, Internal Research and the English Department.
- Retention rate analysis and Starfish. Starfish is underused and Anthony would like to give it a relaunch and get this information back out to the instructors.

**Review of Career Fields  
Workgroup Logic Models**

- Website development global redesign to consist of uploading program maps, update discipline specific career information and update department events, workshops, and applied program learning models.
- Overall one uniformed look for the website redesign. What do you want to tell the world about your program, design will come after this has been determined - Lucas Cuny.
- Proposed success team ideas. Anthony Castro would like to connect all the disciplines that have related content.

**Review of Onboarding  
Workgroup Logic Models**

- On-boarding events - one idea Anthony Castro discussed is outreach and on-boarding for gateway courses. Reaching out to the high school's prior to registration. Working with professors to be more informative for first generation students.
- Counseling liaisons - Anthony Castro would like to strengthen the connection between counseling and faculty. Getting everybody working together to remove silo's.
