Discussion Topics

Communications

Lucas – possibility of identifying communications strategy geared towards, students, faculty and staff about the guided pathways implementations already in place.

Onboarding

Lucas – shared the New Student, Orientation, Advisement (SOAR) document that he put together during this past summer. Better to know about events like Senior Day months in advance in order to make it more intentional and engaging for the students. It would be best for us to host campus tours or have them meet with counselors during the time that they're here.

Patty – agenda for the committee meeting on 2/25/25:

- Welcome
- Sam – GP overview
- Lucas – communication
- Joe – waitlist
 - Small group discussion
 - Share out
- Keenan – onboarding strategies
 - Small group discussion
 - Share out

Pending date for the Program Pathways Mapper meeting.
