**Discussion Topics**

- Adding official responsibilities of the GP committee to the website
- STEM/Allied Health Black Male Cohort and Umoja STEM

Sam – will put together a list of the GP roles and responsibilities.

Lorrie – is starting 2 different pathways for black males – one will be for stem and the other one for allied health that will begin in the fall. They will be recruiting over summer. They are looking for embedded tutors and dedicated counselors. Patty asked Lorrie to put together a proposal of what is needed (counselor, tutors, coordinator, funding for food, etc.). She will speak to Leticia Hector to check how much funding is available under Guided Pathways.

Per Patty, alternative funding is available for a professional expert. Danielle Smith-Morton will meet with Patty to discuss.

End time: 3:38pm
