Purpose: The purpose of this form is to map program outcomes. This benefits your program by allowing visualizations on how your program aligns with San Bernardino Valley College's outcomes. Part I maps your Program Learning Outcomes (PLOs) to Institutional Learning Outcomes (ILOs). Part II maps your PLOs to courses within your program. Once this is completed, we will continue the mapping by including Student Learning Outcomes (SLOs) to PLOs and ILOs.

Program Outcome Mapping

Part I - Directions: Use the chart above to align PLOs to ILOs. Use an "X" to indicate that a PLO is a major focus of the course or program. This means the PLO has a clear connection to the PLO or ILO. There should be one "X" per column. You may not use every column, but it may be because the SLO will eventually lead to an ILO.

PLO to ILO Map					
Advanced Automotive Collision Repair and Refinishing Certificate <i>At the completion of the program, students will be able to:</i>	Use an "X" to indicate where a PLO aligns with an ILO:				
	1	2	3	4	5
1. Repair doors, glasses, and leaks	X		X		
2. Diagnose and repair vehicle damage on full frame and unibody vehicles	X		X		
3. Execute multiple refinishing techniques	X			X	
4. Repair urethane plastics	X		X	X	
5. Measure and evaluate structural damage	X	X	X	X	
6. Estimate a damage vehicle and make an appraisal	X		X	X	

Part II - Directions: Use the catalog link to align PLOs to each course listed in your program. Look through your course offerings and determine what course(s) align with each PLO below.
