

ADDING GOOGLE DRIVE TO APPSTEAM

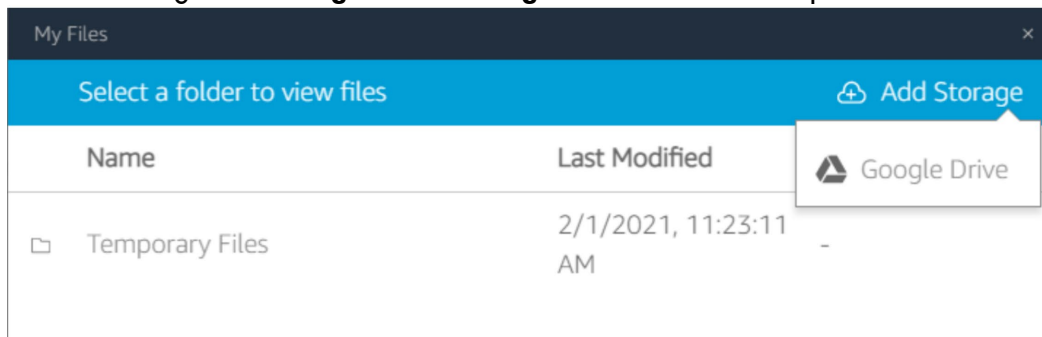

1. Once logged into the Appstream you will find the **My Files** option on the upper left toolbar.

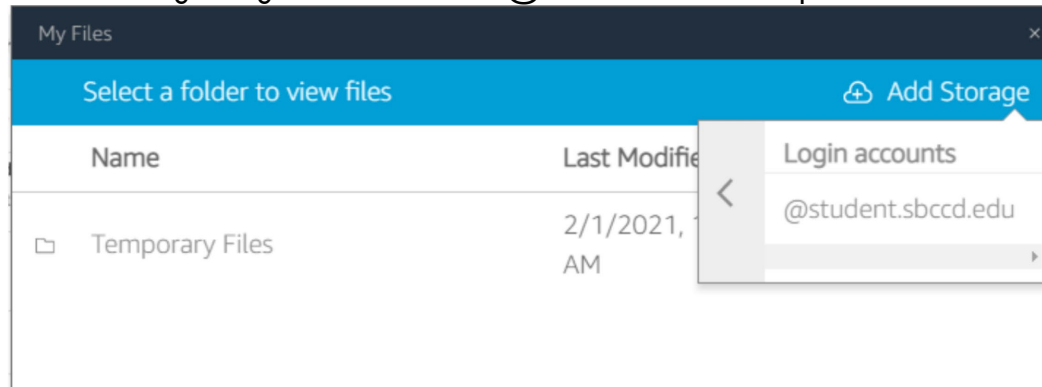

2. Choose **ADD Storage** when the My Files window opens.

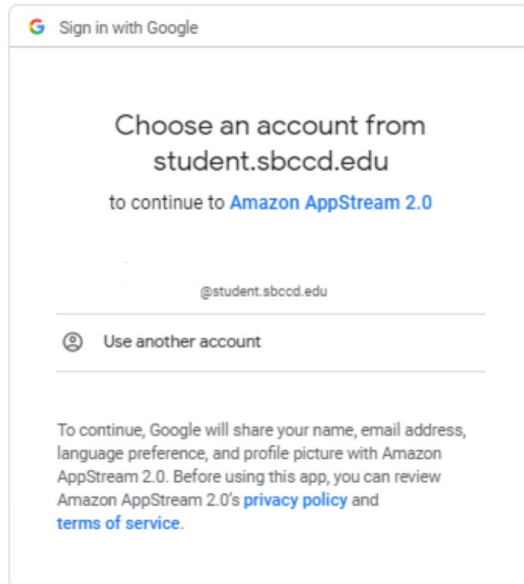

3. After selecting **Add Storage** choose **Google Drive** from the dropdown menu.

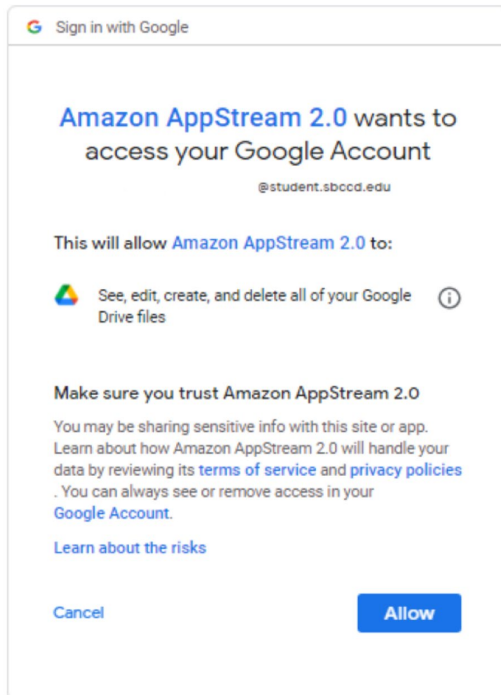

4. After selecting Google Drive chose the **@student.sbccd.edu** option.

5. Choose your **student account**.

6. Select **Allow**

7. Now your Google Drive has been successfully linked to Appstream. You can now upload and download files from Google Drive directly from within the Appstream.
