

LOMA LINDA
UNIVERSITY

School of Nursing

ADN-BSN

Concurrent Program

Key Benefits of Our Concurrent Program

- The Concurrent program is offered during the summer while you are completing your ADN and is delivered online.
- We offer tailored curriculum plans which can be full-time or part-time. Our curriculum is flexible so that students can progress at their own pace. Full-time students can finish in approximately 1 year (4 quarters).
- We offer prospective students free transcript evaluation. 100% transparency if any prerequisite courses are missing, they do not need to be completed prior to starting our program but will need to be completed before completing their degree.
- Our cost is approximately \$398 per unit (approximately \$20,000 per year) with scholarships available.
- All our students are eligible to attend mission trips. Some trips are abroad, and others are in the Baja Mexico area. Scholarships are available to cover some of the cost of the mission trip.

LOMA LINDA UNIVERSITY

School of Nursing
