Approval of Minutes	From 9/15/20, were approved with 1 minor correction.
ACCJC Visiting Team Interview and Evidence Requests (Closing the Loop)	<p>Once we cancelled the meeting scheduled for the 29th, we received correspondence from the visiting committee. A group from our Accreditation team have worked through that document and have created a response redirecting them back to where what they are looking for is in the original document.</p> <p>Celia talked about the various requests and the majority are for Christina in Human Resources and the others are with Standards I & II. Celia also share with the committee, how the meetings will go and who will be meeting as a group. Everyone who has a meeting with the committee, we will be sure that they have the ISER and the Addendum prior to.</p>
Selection of Accreditation & Outcome Committee Faculty Lead	<p>Celia shared her draft of this document with the team and went over the basics of this position. The proposal is to use this as how a faculty lead is chosen for any position. There was much discussion involving how this job description would be best presented and, the question came up as to whether this should this be one job or two.</p> <p>Celia's term expires in December so this needs to be taken care of prior to that. On another note, both James and Dena are saying they are retiring at the end of the spring semester so it is even more important to get these things in place.</p> <p>It was decided that this needs to get approved so that we can accommodate all of the changes coming up. Dina 1st, Amy 2nd.</p>

<p>SLO Pilot Project – Jason Brady & Bethany Tasaka</p>	<p>Jason and Bethany have been working on this project. Jason gave an overview of the SLO Submission Form and shared what each part of the form is intended to do. There were questions and concerns fielded by both, and notes were made as to possible changes to the form.</p> <p>They will be launching a pilot for the use of this tool. Ideally, we would want fairly equal representation across all departments and will be asking faculty for volunteers. The window to get the info to Jason will be two weeks. With interested faculty to submit data Student Level Reports at SLO level. Amy 1st, Dina 2nd. This will be presented to Academic Senate tomorrow.</p>
<p>Other</p>	<p>Institution Set Standards: Celia reintroduced the standards that we set a few years past and shared that rather than failing, we've hit our "stretch goals". She also shared that we exceeded some of our goals along the way.</p> <p>Amy: suggested that all Department Chairs take a look and check their memberships as listed on the various campus websites in case their membership has changed.</p> <p>Dina shared about the all-campus meetings that will be held during the accreditation visit and encouraged all to attend. She also reminded everyone to have cameras on and smiles to share. James has also secured some vital community members who will also attend the meeting.</p>
