Attendees: Tammy Vu, Laura Gowen, James Smith, Joanna Oxendine, Scott Thayer, Bethany Tasaka, Dena Peters, Yvette Lee, Celia Huston, Kay Dee Yarbrough, Amy Avelar,

Agenda Items	
Minutes	3/2/21: Yvette motioned and 2 nd .
ACCJC Annual Report	James shared the metrics from the last few years. He also covered what this committee chose to use as our target and shared when we did and didn't meet those goals. Questions were fielded and James further educated the group on the stats.
Institution Set Standards	James covered the standards that were set and then pulled up the tools where the data he is sharing can be found. The columns used are color coded and he shared what we are comparing one against the other. https://www.calpassplus.org/LaunchBoard/Student-Success-Metrics.aspx
In-Service Day – Help needed for Outcomes Open Lab (10 a.m.-12 p.m.)	Bethany shared that we should have all received the information from the President about Convocation day. She shared the day's schedule and asked for help in running the labs on that day. This was not sent to all as Dena shared. The classified didn't get it. They will have it sent to all.
Upcoming Pilot Attempt 2	Bethany also shared that this will be resending this out as it didn't go as well as planned.
SAO Online Assessment Submission (What's important for us to include if we transition to online?)	We would like to put this process to an on-line document. She shared how to get to the SAOs on the website and covered how to reach what you are looking for. She would like to make this similar to the SLO process for ease of use. What do we need to see in this on-line transition? Please think about this for future meetings.
Other	~ Kay Dee shared the newsletter that she's been working on and offered to send out to edit if we'd like. ~ Email regarding accreditation faculty lead went out again. Keep your eyes open for it. ~ Celia shared that ACCJC meeting, 4/20-22/21, that is open for all. https://accic.org/partners-in-excellence-2021-vs/ ~James discussed some possible topics for the upcoming meetings that we may need to address.

Upcoming Meetings: April 20th, May 4th
