August 2018 Starfish Summary

Welcome to Starfish!

Starfish is a communication software that supports student success and completion rates while building community, focused on a holistic approach both inside and outside of the classroom. Starfish gives you a convenient way to keep track of your students and while keeping their educational goals on track. Raise flags, give kudos, provide referrals, send reminders, make appointments; Starfish makes communicating with your students (and other campus professionals) effortless.

We are here to help:

Breanna Andrews

Hello, I am Breanna Andrews, Faculty Lead of Starfish Support. I am here to answer questions, provide demos, and conduct trainings. Sign up for an open lab appointment at https://sbccdde.simplybook.me/sheduler/manage . You can also email me anytime with questions at bandrews@sbccd.cc.ca.us .

Yancie Carter

My name is Yancie Carter and I am a Matriculation Coordinator/Counselor at San Bernardino Valley College. My role in Starfish is to support students attain their education goals, provide them with referrals, and meet with them to create an action plan.

Yecica Bernardo

Hello Everyone!

My name is Yecica Bernardo and I am a Counselor at San Bernardino Valley College. My role in Starfish is to support students attain their education goals, provide them with referrals, and meet with them to create an action plan.

Kudos to You: This Month's Starfish Superstars!

Congratulations to Victoria Anemelu, Margaret Worsley and Heather Petersen for being the top Starfishers in the month of August! Your efforts are making a difference.

All together, SBVC faculty...

Raised **72 Flags**, Sent **846 Kudos**, and Delivered **25 To Do** items. That's a total of 943 tracking items! (881 more than last August!)

We are off to a great start!
