Academic Integrity Statement

All members of the SBVC community are responsible for creating and maintaining a climate of integrity which is the cornerstone of education and higher learning. With the understanding that members of the college are from diverse backgrounds and cultures, faculty and staff clearly communicate expectations regarding academic integrity and the consequences of engaging in academic dishonesty. The college, mindful that faculty and students participate in a variety of course delivery formats, provides access to resources, academic dishonesty policies, and technology to detect plagiarism. When incidents of academic dishonesty occur, students are given due process which also informs them about the serious nature of such violations.

Faculty

Faculty have the responsibility and authority to maintain academic integrity in their classrooms and through various student services. Faculty are encouraged to document academic dishonesty violations by submitting the *Academic Dishonesty Incident Report* to their division dean and the Vice President of Student Services. Faculty need to be familiar with state, district, and college policies regarding academic integrity as they relate to disciplinary and grading procedures and student rights to due process. The Faculty Handbook, division deans, and faculty chairs are sources of information should faculty have questions. Documentation of academic dishonesty discourages the behavior, maintains a climate of integrity, and ensures that student rights to appeal are respected.

The San Bernardino Community College District and San Bernardino Valley College have established and defined “Standards of Conduct and Disciplinary Procedures” and “Student Rights and Responsibilities” that are published in the College Catalog. Faculty provide further information about academic integrity in their syllabi. Students have the responsibility of engaging in behaviors that reflect academic integrity in and outside of the classroom as they pursue their educational goals and to seek clarification with faculty and staff when in doubt. Policies regarding violations of student conduct give students rights to due process which include the right to defend themselves and right to appeal.
