Preamble

Main Purposes of the District Strategic Plan

The main purposes of the District Strategic Plan (DSP) are as follows:

- It provides an integrated framework within which the Board, the district, and the colleges can work toward coordinated goals over the long term.
- It facilitates effective pursuit of the mission of the district.
- It promotes efficient use of district and college resources in the long term.
- It helps the district and colleges anticipate challenges and take advantage of opportunities.
- It guides further planning and decision-making at all levels.

The DSP is thus a crucial contributor to the ongoing improvement and continuing success of the district and its colleges.

Background and Process

In twice-monthly meetings since October 2009, the members of the collegial-consultation District Strategic Planning Committee (DSPC) have developed, as required by the Accrediting Commission for Community and Junior Colleges, a “formal and regularly evaluated district strategic plan that both acknowledges input [from] and aligns with the colleges['] educational plan[s] and serves as a guide for planning at the college level.” In part because of the commission’s emphasis on input from and alignment with the colleges’ strategic and educational master plans, and on guidance of further college planning, the DSPC has drawn heavily on the content of existing college plans in this initial edition of the DSP. After evaluation of the 2010-14 DSP, the committee refined the DSP further to include integration of KVCR and EDCT, more research, and other features; see *Evaluation and Revision of the Plan* below. However, members have also reviewed and discussed numerous other sources of information, including the following:

- Board Imperatives and Institutional Goals, 2009-10
- California Community Colleges Strategic Plan
- Statistics on enrollment patterns and on students and their performance
- Subcommittee reports on important strategic issues related to higher education
- The colleges’ missions and other foundational statements
- The Accrediting Commission’s rubric for evaluating planning
- Information about our service areas from an updated environmental scan

Based on thoughtful consideration and spirited discussion of all the information provided, the DSPC developed and refined a draft set of Strategic Directions and Goals. On March 1, 2010, the chancellor sent the committee’s recommended Strategic Directions and Goals to all employees, with a structured request for feedback and for specific ideas on concrete steps the district should take. Respondents had the option of emailing their comments or giving them to their representative on the committee. The DSPC also hosted three open forums—one at

each college and one at the district offices—in March to answer questions and receive feedback. Finally, a request was sent to the presidents of the Academic, Classified, and Student Senates of both colleges to gather additional feedback at their next scheduled meetings.

After serious consideration of all feedback received, and much more discussion, the DSPC drafted Objectives for each Goal to fulfill one or more of five main purposes:

- Provide needed district support to both colleges in pursuing and achieving their own goals.
- Coordinate, or place a district umbrella over, analogous sets of goals and objectives that already exist at both colleges.
- Guide further planning at both colleges.
- Establish or enhance a district-level operation to advance a district Goal.
- Fill a gap in the colleges' planning.

To each Objective, the DSPC added a tentative timeline, a responsible point person or group, a set of measures of progress, and a set of suggested actions.

In late April 2010, the chancellor distributed to all employees the full draft of the DSP, with a request once again for feedback in one of four ways: by email, in one of two open forums (one at each college), through members of the committee, and (for employees at the district offices, KVCR, and EDCT) through an open staff meeting. The committee considered all feedback received by the May 5, 2010 deadline at its meeting of May 7, and incorporated changes as appropriate to strengthen the DSP.

The DSPC submitted the final version of the DSP to the chancellor on May 14, 2010.

Evaluation and Revision of the Plan

Schedule

The full evaluation of the 2010-14 District Strategic Plan (DSP) took place in 2010-11, with implementations of any necessary revisions to follow in Fall 2011. In the Fall of 2010, a sub-committee was established to incorporate KVCR and EDCT into the DSP. Subsequent full evaluations of the DSP, followed by implementation of any necessary revisions, will occur triennially beginning in Fall 2014.

Quarterly Monitoring

The DSPC will monitor progress on the DSP on a quarterly basis in consultation with the point persons and groups, and facilitate corrective actions as needed.

Annual Progress Reports

In the spring semester of each year beginning in 2012, each vice chancellor, college president, and executive director will prepare and disseminate a progress report on those district Goals and Objectives applicable to the organization that he or she supervises. College presidents will prepare their progress reports in appropriate consultation with the constituency groups on their respective campuses; vice chancellors and executive directors will prepare their progress reports

in appropriate consultation with staff in their respective operations. In each year other than a full-evaluation year, Collegiate Cabinet will review these progress reports, and may recommend that a full evaluation take place earlier than originally scheduled.

Evaluation Responsibility

The original District Strategic Planning Committee (DSPC), members of which were appointed for a two-year term, will conduct the full evaluation of the 2010-14 DSP. For each subsequent triennial cycle, the chancellor will identify and convene a broadly representative body that will function as a successor DSPC, chaired by the chancellor or designee, to conduct the evaluation.

Triennial Evaluation of the DSP

At a minimum, each subsequent triennial full evaluation cycle will consist of the following steps:

1. The successor DSPC will review the most recent set of Annual Progress Reports.
2. Each person or group responsible for completion of an Objective will submit a status report on that Objective to the successor DSPC.
3. The SBVC College Council and the CHC Educational Master Planning Committee will submit to the successor DSPC progress reports on the colleges' respective strategic and educational master plans.
4. District and college technology planning groups and facilities planning groups will submit to the successor DSPC progress reports on their respective plans.
5. A Research Subcommittee or other group with appropriate expertise will provide updated information on environmental scan results, effectiveness and impact indicators, and other research as needed.
6. The successor DSPC will compile and disseminate a Three-Year Status Report on the DSP as a whole, which will include its conclusions on which Objectives and/or Goals of the DSP have been achieved and should therefore be retired, and which should remain in the DSP for further work.
7. The successor DSPC will review any changes in the ACCJC Accreditation Standards since the last triennial evaluation, and the resolution status of any outstanding ACCJC recommendations to either college.
8. Based on the information available, the successor DSPC will update the district planning assumptions.
9. The successor DSPC will determine what additions or modifications to the Strategic Directions, Goals, Objectives, and/or other elements of the DSP are required, and draft a revised DSP accordingly.
10. The successor DSPC will solicit feedback on the draft widely, and incorporate that feedback as appropriate.
11. The successor DSPC will submit the final revised DSP to the chancellor, who will submit it to the Board for approval.
12. Improvements reflected in the revised DSP will be implemented and documented beginning in the following fall semester.
13. The Chancellor's Office will ensure that the revised DSP is posted on the district website and otherwise widely disseminated.

District and College Foundational Statements

San Bernardino Community College District

Mission

The mission of the San Bernardino Community College District (SBCCD) is to promote the discovery and application of knowledge, the acquisition of skills, and the development of intellect and character in a manner that prepares students to contribute effectively and ethically as citizens of a rapidly changing and increasingly technological world.

This mission is achieved through the District's two colleges (San Bernardino Valley College (SBVC) and Crafton Hills College (CHC)), the Professional Development Center (PDC) and public broadcast system (KVCR TV-FM) by providing high quality, effective and accountable instructional programs and services.

San Bernardino Valley College

Mission

San Bernardino Valley College provides quality education and services that support a diverse community of learners.

Vision

San Bernardino Valley College will become the college of choice for students in the Inland Empire and will be regarded as the "alma mater" of successful, lifelong learners. We will build our reputation on the quality of our programs and services and on the safety, comfort, and beauty of our campus. We will hold both our students and ourselves to high standards of achievement and will expect all members of the college community to function as informed, responsible, and active members of society.

Values (Tenets)

The college tenets describe the philosophy and values of San Bernardino Valley College's faculty, staff, and administration. We believe that:

- A well-educated populace is essential to the general welfare of the community.
- A quality education empowers the student to think critically, to communicate clearly, and to grow personally and professionally.
- An enriched learning environment promotes creativity, self-expression, and the development of critical thinking skills.
- Our strength as an institution is enhanced by the cultural diversity of our student population and staff.
- We must provide students with access to the resources, services, and technological tools that will enable them to achieve their educational goals.

- We can measure our success by the degree to which our students become self-sufficient learners and contributing members of society.
- Plans and decisions must be data driven, and based on an informed consideration of what will best serve students and the community.
- We must model our commitment to lifelong learning by maintaining currency in our professions and subject disciplines.
- As part of the collegial consultation process, all levels of the college organization must openly engage in sharing ideas and suggestions to develop innovative ways to improve our programs and services.
- Interactions between all members of the college community must be marked by professionalism, intellectual openness, and mutual respect.
- We must hold ourselves and our students to the highest ethical and intellectual standards.
- We must maintain a current, meaningful and challenging curriculum.
- Students succeed best when following an educational plan and when enrolled in classes that meet their interests and goals, and match their level of academic preparedness.
- All members of our campus community are entitled to learn and work in an environment that is free from physical, verbal, sexual, and/or emotional threat or harassment.
- Students learn best on a campus that is student-centered and aesthetically pleasing.
- We must be responsible stewards of campus resources.

Crafton Hills College

Mission

The mission of Crafton Hills College is to advance the education and success of students in a quality learning environment.

Vision

The vision of Crafton Hills College is to be the premier community college for public safety and health services careers and transfer preparation.

Institutional Values

Our institutional values are creativity, inclusiveness, excellence, and learning centeredness.

Economic Development & Corporate Training

Mission

The mission of the Economic Development and Corporate Training (EDCT) is to stimulate the economic prosperity of the Inland Empire through workforce development. This mission will be achieved by:

- a. offering customized training solutions that meets the human capital development needs of regional employers;
- b. providing innovative job training to the workforce in emerging technologies and high growth areas to foster economic prosperity in the region;
- c. providing labor market intelligence for California community colleges to respond to workforce training needs; and,
- d. building partnerships to obtain local/state/federal funds necessary for preparing a highly skilled workforce through short-term training.

Vision

To be the leading regional provider of innovative and responsive training solutions that meet the economic and workforce development needs of the Inland Empire.

Value Statement

The EDCT is committed to being an integral and responsive contributor to the economic vitality and workforce development needs of the Inland Empire. We value being proactive in addressing the workforce training needs of businesses by delivering innovative training solutions delivered by qualified, experienced and competent trainers. We believe that our business practices should be based on ethical behavior, serving our customers as they want to be served and respecting diversity in our customers and co-workers.

KVCR

Mission

KVCR's mission is to be the cultural, educational, informational and communication center of the Inland Empire.

Vision

Bringing communities together.

- To be a trusted partner with the public.
- To provide leadership in the dissemination of information.
- To encourage dialogue to create an informed citizenry by aggregating resources to further the goals of the community at large.
- To be the "go to" media resource center for the Inland Empire.

Effectiveness and Impact Indicators

ARCC College-Level Indicators

District Strategic Planning Implications Identified by the Committee

The Accountability Reporting for Community Colleges (ARCC) system assigns a peer group to each college using a set of mathematical tools. Each college has a different peer group for each measure, based on factors that affect that measure according to statistical analysis. Thus for each measure, each college can judge its performance relative to that of empirically similar California community colleges. The implications of the ARCC 2010 report for district strategic planning include the following:

1. The colleges need to improve student success, progress, and achievement, particularly in basic skills courses and for at-risk students.
2. San Bernardino Valley College faces particular challenges in that high school students in the surrounding communities have a high dropout rate, a low California High School Exit Examination (CAHSEE) pass rate, and a low college-going rate.
3. The district should consider the following strategies:
 - a. Promote awareness in the community of college as an option.
 - b. Work with K-12 to prepare students better for college-level work.
 - c. Promote partnerships between the colleges and businesses.
 - d. Promote efficient and effective systems and communication district-wide.
 - e. Promote opportunities for resource development.
 - f. Increase articulation agreements between CSU, UC, private colleges, and high schools.

Student Performance, WSCH per Faculty Load, and FTES

District Strategic Planning Implications Identified by the Committee

The DSPC discussed the graphs below in light of additional economic and enrollment management information, and identified the following main implications for district strategic planning:

1. Increases in FTES should be monitored to ensure that they have no detrimental effect on the quality of instruction.
2. The colleges should continue to share best practices that lead to good retention and success rates.
3. San Bernardino Valley College might require additional funding for student support to help move its retention and success rates toward those of Crafton Hills College.
4. The colleges will be faced with greater demand for fewer available sections in the next few years.
5. The district should balance costs with growth, and make a strong investment in the future.
6. The economic downturn, the return of adults to school, and the substantial number of underemployed workers indicate the need for increased emphasis on foundational skills: Critical thinking, writing, and computational.
7. The colleges should consider more alternative delivery modes and schedules for programs and services (e.g., a balance of online and face-to-face instruction and services; weekend programs and services).
8. The fact that programs with enrollment restrictions (e.g., many tech programs, basic skills) have lower WSCH per Faculty Load should be considered.

Consolidated Report of Strategic Issues: Highlights and Implications Identified by the Committee

Budget, Law & Regulation, Capital Funding

Highlights

1. There continues to be an economic slump and large budget shortfalls at the state level.
2. Declining property values continue to erode the tax base.
3. Health care costs continue to rise by double digits.
4. The state budget has resulted in limited state revenue bond resources to match local bond dollars for construction projects.

Implications

1. Uncertain fiscal environment and continued inability to serve all who want to take classes under current model.
2. Possible state funding shortfall due to inability to backfill property taxes.
3. Possibility that district will not be able to implement facilities master plan over ten years, due to inability to sell full value of Measure M bonds, due to declining property values.
4. Out-of-pocket health care costs for employees increased and cost-containment is difficult with rising health care premiums, which erode salary dollars.
5. We may not receive the leverage of matching state funds for capital projects, requiring faster spending of General Bond, Measure M dollars, with fewer projects completing.

Pedagogical Innovations, Accountability, and Learning Outcomes

Highlights

1. Accountability and Assessment
 - a. Continued pressure from WASC, the DOE, and the public for community colleges to demonstrate student learning through assessment and documentation.
 - b. Challenges related to assessment include philosophical differences among practitioners and assuring validity.
2. Alternative Modes of Instruction
 - a. Strong student demand for online instruction and short-term classes and programs.
 - b. Availability of technology for instruction (online tools, clickers, smart classrooms, etc.).
3. Focus on Clear Pathways
 - a. Public expectation and need for clear pathways from K-12 to ultimate career goal.
4. Active, Student-Centered Teaching and Learning
 - a. Continued trend towards, and evidence of the effectiveness of, active learning with student involvement.
5. Student Success
 - a. Continued need to help underprepared students succeed in college and gain foundational skills (foundational skills, etc.) for success in further education and employment.

Implications

1. Assessment of Student Learning Outcomes will continue to be a “hot topic” in regards to accountability measures. Workloads increase while campuses learn the process and incorporate measurement and continuous improvement as part of their cultures.
2. Effective use of technology in the classroom demands frequent upgrades and continuous training for both students and faculty.
3. Methods and processes for assuring the quality of online instruction need to be in place.
4. Community colleges must partner with K-12, four-year institutions, and employers to develop and maintain clear pathways from education to successful employment. Curriculum needs to be aligned and meaningfully designed to help students succeed in achieving their goals.
5. Professional development and support for innovation are both needed for faculty to learn and implement active learning techniques in the classroom. The principles and practices for brain-based learning, learning communities, student engagement, and other best practices need to be shared and implemented.
6. Most students enter the colleges underprepared and lack some of the crucial skills for success. Colleges must have accurate placement methods, must integrate foundational skills throughout the curriculum, and continue to align classroom instruction, learning resource centers, and student services.

Educational Attainment in Relation to Economic Opportunity

Highlights

1. Statewide, the income of three cohorts of wage-earning community college recipients of a degree or certificate (in 2000-01, 2001-02, and 2002-03) were tracked for four years after their awards; none of these students had transferred to a four-year institution. Their median annual income in the first year after the award jumped 39% in 2001, 52% in 2002, and 44% in 2003. By comparison, the California median household income rose 0.6%, 0.7%, and 3.8% in the corresponding years.
2. By the fourth year after the award, their median income had risen cumulatively 24%, 29%, and 26% over the first year after the award, respectively. By comparison, the California median household income rose 4%, 1%, and 1% in the corresponding years.
3. The year before their award, the median income of these students was 63%, 58%, and 65% of the corresponding California median household income, respectively. By the fourth year, the median income of all three cohorts exceeded the corresponding California median household income.
4. Nationally, the unemployment rate in 2007 for people 25 years old and over who had completed only high school was 47% higher than for people who had received only an associate’s degree, and 120% higher than for people who had received a bachelor’s or higher degree.
5. Nationally, in 2007, the median annual incomes of full-time workers 25 years old and over by highest level of educational attainment were as follows:

| | High School | Some College | Difference from HS | Associate's | Difference from HS | Bachelor's | Difference from HS |
|---------|-------------|--------------|--------------------|-------------|--------------------|------------|--------------------|
| Males | \$37,860 | \$44,900 | 19% | \$49,040 | 30% | \$62,090 | 64% |
| Females | \$27,240 | \$32,840 | 21% | \$36,330 | 33% | \$45,770 | 68% |

Implications

1. The economic advantages of obtaining a certificate or degree from a California community college are immediate and long-lasting, even for students who do not go on to a four-year institution. These advantages comprise a major selling point for the district in times when it can accommodate growth.
2. Obtaining an AA or AS is insurance against unemployment, another major selling point.
3. Full-time workers with some college, but less than a degree (which included certificates), make one-fifth better money than competitors with only a high school diploma. Full-time workers with an AA or AS make one-third better money than competitors with only a high school diploma. Moving on to a BA or BS only improves income prospects, and the effects of educational attainment are greater for females than for males. These statistics comprise yet another major selling point when the district is seeking growth.

Competition for Students

Highlights

1. Real competition for students comes not just from other community colleges, but also from “private educational and training providers capitalizing upon a student’s willingness to commute”—including four-year universities, vocational schools and colleges, liberal arts colleges, institutes of technology, trade schools, and career colleges, all of which may offer degrees or certificates “indistinguishable to the average consumer of higher education” from those offered by SBCCD.
2. The following table shows the numbers of various types of private educational institutions within San Bernardino and Riverside Counties that represent potential competition for SBCCD students for at least some courses and/or programs:

| Type of Institution | San Bernardino County | Riverside County |
|--|-----------------------|------------------|
| Sports and Recreation Instruction | 130 | 178 |
| Fine Art Schools | 98 | 112 |
| Cosmetology and Barber Schools | 44 | 51 |
| Business and Secretarial Schools | 24 | 24 |
| Computer Training | 15 | 11 |
| Flight Training | 14 | 11 |
| Professional and Management Development Training | 13 | 13 |
| Other Technical and Trade Schools | 10 | 12 |
| Language Schools | 3 | 1 |
| TOTALS | 351 | 413 |

Source: Info USA, 2010

3. Including Los Angeles and Orange County institutions in the mix in these categories adds 4,131 competitors, many of which are well within a 60-minute driving radius.
4. In addition to the above mentioned institutions, there are 95 private educational institutions that are categorized as Colleges, University, and Professional Schools (NAICS code 610310).

| Type of Institution | San Bernardino County | Riverside County |
|---|-----------------------|------------------|
| Colleges, Universities, and Professional Schools (excluding public colleges and universities) | 56 | 39 |

Source: Info USA, 2010

Implications

In positioning the colleges and EDCT with respect to market competitors, in planning for new programs and courses (which of course are intended to attract students), and in considering alternative configurations of existing programs and courses, the district must consider not just neighboring community colleges, but also proprietary institutions within a reasonable commuting distance.

Private Support for Education, Including Grant Opportunities

Highlights

1. Increase opportunities to generate revenue for the colleges and the district.
 - a. Increase number of grants for SBCCD.
 - b. Increase additional external and internal funding opportunities.
 - 1) Private and public support for SBVC and CHC Foundations.
 - 2) Grow partnerships through coordination of employee efforts and the foundation with the community.
 - 3) Create continuing education programs.
 - 4) Consider other income generation activities and nurture existing partnerships.

Implications

1. External funding—Grants
 - a. Need for grant coordination under district-wide strategy.
 - b. Centralize management and grant efforts to avoid competition among colleges and district for grants and to inform all units better regarding searches and grant opportunities for the benefit of colleges and the district.
 - c. Explore hiring grant writers on a contingency basis with expertise in different areas (e.g., capital improvement grants, California Community Colleges Chancellor’s Office) and federal departments (e.g., DOE, NSF).
 - d. Develop coordination with K-12 and four-year schools for coordinated grant applications.
 - e. Provide incentives for faculty and others to apply for grants (e.g., writing a winning grant with incentives above base salary).
 - f. Increase grant writing training and related professional development.

- g. Develop projects with internal goals and store until grant opportunities are found that match (use program review lists at district and both colleges to inform needs for grant opportunities).
 - h. Create a map/template of data accessible for grant applications.
 - i. Work with staff to look for and apply for infrastructure grants and coordinate across the district.
 - j. Need rapid response methods for curricula related to emerging grant solutions.
2. Internal and External Funding Opportunities
- a. Outreach to community
 - 1) Increase emphasis on alumni.
 - 2) Continual updating of alumni database.
 - 3) Involve KVCR and community development through integrated marketing.
 - b. Outreach to employees
 - 1) Contributions for short- and long-range estate planning for college benefit.
 - 2) Encourage faculty and staff to participate in community and service organizations representing themselves as well as the district (develop employee guidelines and targeted outreach).
 - 3) Maintain database of employee community and service associations.
 - 4) Offer employee memberships for organizations, which will benefit community development and provide for feedback to colleges.
 - c. Create Continuing Education opportunities
 - 1) Conduct fee-based classes at night on campus.
 - 2) Develop programs for tuition students to earn certificates.
 - 3) Business/finance/entrepreneurship, grant writing training, “green,” etc.
 - d. Other income generation ideas
 - 1) Renting facilities.
 - 2) Increase use of Sunroom by inviting community to restaurant-test project.
 - 3) Develop plan for foundation to become self-supporting.

Technology Issues and Trends Related to Education

Highlights

1. Funding of IT will be a major challenge over the next several years. Institutions will be exploring ways to reduce costs via streamlining operations and technologies, exploring lower cost and/or free technologies (e.g., using free mail services such as g-mail or live.edu for email rather than paying for Outlook).
2. Institutions will work to consolidate and streamline institutional data through Administrative/Enterprise Resource Planning (ERP) Systems. Such data will include student information, financial services, facilities, human resources, etc.
3. Institutions will need to evaluate and decide upon infrastructure technologies (i.e., traditional servers, virtual servers, cloud-based computing, or a combination thereof). Each set of technologies will present its own opportunities and challenges for data security, cost effectiveness, and disaster recovery/continuity of operations.

4. Institutions will continue to explore ways to minimize their technology carbon footprint and find ways to conserve energy.
5. Social networking will continue to grow as a major means of communication and interaction in learning environments.
6. Security of data is in the top 10 list of every major source reviewed. This is attributed to continual movement towards digital recordkeeping; the emerging body of rules, regulations, and laws, etc.; and the liability that inadequate security presents to an institution.
7. Identity and access management will be an increasing challenge to ensure privacy and yet ease of access to multiple systems. “Issues surrounding identity/access management include developing strong vetting, credentialing, and provisioning processes for all constituents (including guests), inventorying and integrating decentralized systems into a centralized strategy, and ensuring federation of identity.” (*EduCause Review* 2009)
8. As technology plays an increasingly larger role in teaching and learning, the challenge is to make technology fluid and responsive to faculty instructional needs without impeding the learning process.
9. Online learning is projected to continue to grow and learning management systems will be increasingly seen as mission-critical enterprise systems.
10. Studies show that online or online-enhanced instruction shows better overall student performance, but studies’ results also indicated that there were too many variables to state so conclusively. Much was dependent on instructional strategies, environment, etc.
11. The shift from PCs to mobile devices will continue to be a major trend.

Implications

1. Money will drive what technology looks like over the next several years.
2. If ERPs are pursued, our district will be positioned well to have relatively fast and easy access to data that can improve our decision-making.
3. Faculty/students/departments/clubs/etc. will be interacting more and more via social networking and other free-source methods. Our district will need to anticipate and accommodate such changes in our planning, procedures, policies, training, etc.
4. Data integrity and security need to stay at the forefront of concerns for our district and should be considered with every technology procurement, and every modification or development of policy, procedure, or plan.
5. Communication and collegial consultation are key to navigating the challenges of fiscal cuts yet providing meaningful technology services and access to faculty.
6. As new technologies are explored, compatibility with multiple user devices, rather than just traditional computers, needs to be considered.

Financial Aid

Highlights

1. The maximum Federal Pell Grant award for the 2011-2012 Award Year is \$5,550, the same as the 2010-2011 Award Year. The maximum Pell eligible EFC is 5273 with a minimum award for a full-time student of \$555. These above figures were published by Department of

Education on February 1st, 2011. However, as Congress continues to debate budget issues, the District is not certain at this time what the Pell Grant availability will be for summer 2011 and the upcoming 2011-2012 academic year.

2. The President's FY 2012 Budget Proposal to save money and to maintain Federal Pell Grant Program includes the following key items:
 - a. Eliminate Two-Pells in an Award Year
 - b. Restructures Perkins Loan Program
 - c. No Subsidized Loans for Graduate Students
 - d. Replace TEACH Grant Program
 - e. Debt Conversion Program-moving all current student loans to one ED recognized servicer.
 - f. Income Verification of Pell Grant Applicant will be improved through greater use of information received from the IRS.
3. Academic Competitiveness Grant (ACG) and National Science and Mathematics Access to Retain Talent Grant (National SMART Grant) Program have been eliminated effectively with the 2011-2012 academic year. (These two programs do not have authorized funding beyond the current 2010-2011 academic year.)
4. California State Budget Reductions Result in Changes to Cal Grant Program Eligibility and Cuts to Cal Grant Awards - On March 24, 2011, Governor Jerry Brown signed Senate Bill 70 (the education trailer bill) into law. Senate Bill 70 achieves reductions in state spending by changing Cal Grant eligibility requirements for both students and institutions. These changes will affect new and renewal Cal Grant recipients beginning with the 2011-12 academic year.

Implications

1. It is estimated that the elimination of the Two-Pells in an Award Year will affect approximately 23,000 California Community College students who receive a grant, most often for summer school. However, as many colleges are cutting back summer school due to budget, the elimination of the Two-Pells in an Award Year is a better alternative to reducing the Pell Grant amount.
2. It is still going to be a major victory for students if the maximum \$5,550 Pell grant for the 2011-2012 academic year is maintained. The original long-term spending bill (H.R. 1) which was passed by the House in February called for an \$845 cut to the maximum Pell grant, reducing it to \$4,705.
3. Given the current economic situation and the expected increase in enrollment at most community colleges, it's very important that the Pell Grant program be funded at the maximum \$5,550 when most of the nation's young people need financial assistance to attend college.
4. With the passing of California Senate Bill 70, The California Student Aid Commission (CSAC) estimates that 12,920 students statewide will be deemed ineligible to renew their Cal Grant awards as a result of these changes. SBCCD Cal Grant recipients will most likely not be impacted greatly by the passing of SB 70 due to the average low Expected Family Contribution (EFC).

Major Planning Assumptions

The following major planning assumptions are based upon an analysis of the Strategic Issues Subcommittee Reports, the performance and impact indicators, the Center of Excellence Environmental Scan reports, and the committee's discussions of all these items (and more) as set forth in the *Edited Transcripts of Posted Comments* and the *Minutes*.

1. Everything the district does should contribute directly or indirectly to the facilitation of student learning.
2. Accrediting agencies, governmental agencies, and the public will continue to exert pressure on community colleges to demonstrate successful student learning through assessment and documentation.
3. Student demand for alternative modes and schedules of instruction and services, especially those mediated by technology, will continue to rise.
4. Coordination among the segments of education aimed at clearing student pathways through the system will be increasingly necessary.
5. Curricular, pedagogical, and service innovations will be necessary to keep up with the increasingly complex needs of students, to attract them to district institutions, and to respond to the changing communities that the district serves.
6. Professional development in numerous subjects for all employees will be increasingly crucial to success in serving students.
7. The district's budget will continue to be under pressure for at least the next few years, because of uncertainty in California's fiscal environment, rising healthcare and other costs, limitations on state revenue bond resources, the loss of federal stimulus funds, the loss of categorical funds, and other factors.
8. Systematic development of alternative sources of revenue will be necessary to provide greater stability in funding district programs and services.
9. Demand for community college classes will remain high, and we will not be able to serve all the students who wish to take them.
10. Competition for these students will rise, and the district will have to market the low costs and substantial benefits of attending its colleges actively, to avoid ceding the field to competitors.
11. Funding for capital projects will remain uncertain, so that some planned projects might not be completed.
12. Integrity and security of data will continue to rise in importance.
13. Integrating institutional data systems, maintaining and improving technological infrastructure, keeping up with shifts in computing and communication modes, and funding technology will remain challenging for the foreseeable future.

A Brief Introduction to Planning Terminology

The conceptual boundaries among strategic directions, goals, objectives, and actions are often vague: An objective under one initiative might be a goal under another, for example. The following is intended as a rough guide to understanding these terms as used in this District Strategic Plan, not a set of hard-and-fast rules.

Strategic Direction

Definition: An essential line of forward progress along which the institution seeks to move in the long run, and with which it seeks to align its resources and actions, to realize more fully its mission.

Characteristics of a Sound Strategic Direction:

- Establishes the Big Picture, in concert with other strategic directions
- Serves to guide the planning and decision-making of the institution as a whole
- Well-defined subsidiary goals and objectives are required for effective pursuit of each strategic direction.
- Very long-range and stable over time (typically more than five years)

Example: Learning-Centered Institution for Student Access, Retention, and Success

Goal

Definition: A major aspiration that the institution intends to realize under a given strategic direction.

Characteristics of a Sound Goal:

- Reflects the Big Picture
- Clearly serves the interests of the institution as a whole
- Ambitious—even audacious!—yet attainable in principle
- Achievement of the goal represents significant progress in the applicable strategic direction.
- Relatively long-range and stable over time (typically three to five years), until it is achieved
- Shows applicable linkages to other planning structures or documents

Example: Improve student retention, success, and persistence across the district.

Objective

Definition: A concrete, measurable milestone on the way to achieving a goal.

Characteristics of a Sound Objective:

- Relevant and significant with respect to the applicable goal
- Brings the goal down to earth in clear language

- Achievement of the objective represents significant progress toward achievement of that goal.
- Achievement of all the objectives related to a goal does not necessarily mean achievement of that goal; it often represents completion of one phase of work that will continue with the formulation of additional objectives and action plans.
- Achievable in typically one to two years
- Shows the tentative timeline or deadline for completion of the objective
- Shows the specific point person or group with overall responsibility for ensuring that progress on the objective occurs as planned
- May show estimated resources required for achievement
- Specific
- Measurable: Shows measures or sources of data for progress measurements, whether quantitative, qualitative, or both
- Reasonable
 - Scope
 - Timeline or Deadline
- Lends itself to formulation of a coherent set of actions

Example: Provide financial and technological support for the improvement of classroom instruction and student support services.

Action

Definition: One of a coherent set of specific steps that must be taken to reach the objective.

Characteristics of a Sound Action:

- Specific
- Reasonable
 - Scope
 - Timeline (typically one year or less)
 - Workloads
- Completion of all the actions under an objective typically means achievement of that objective.

Example: Offer teaching and learning symposiums for interested faculty, students, and others.

District Strategic Directions, Goals, and Objectives

| |
|---|
| Strategic Direction 1 Institutional Effectiveness (Board Imperative I) |
| Goal 1.1: Implement and integrate decision-making, planning, and resource allocation structures and processes that are collaborative, transparent, evidence-based, effective, and efficient. |

| | |
|------------------------------------|--|
| Objective | 1.1.1: Create structures and processes to ensure effective communication about decision-making and collegial consultation among all district entities (namely, CHC, SBVC, DETS, EDCT, KVCR, and district office). |
| Suggested Actions | <p>Publish a periodic <i>Chancellor’s Chat</i>, summarizing significant developments and decisions during each month and including other useful information as needed.</p> <p>At the end of each annual budget cycle, make readily available to all employees the final decisions and rationales on all resource requests.</p> <p>Train all collegial-consultation committee members in their responsibilities (e.g., participating actively, informing and soliciting feedback from constituents), and in how the committees function.</p> <p>Build into the agendas of regular meetings and events (e.g., In-service Day, President’s Cabinet, Crafton Council, SBVC College Council, Senates, and meetings of other representative bodies) communication about progress on the DSP.</p> <p>Develop a template or other tool to facilitate regular communication with and feedback from all district personnel about DSP progress.</p> |
| Tentative Timeline/Deadline | 2011-12 |
| Point Person or Group | Chancellor’s Cabinet |
| Measurements of Progress | <p>Survey of constituency groups and individuals</p> <p>Outcome: Percent satisfaction with effectiveness of communication</p> <p><i>Chancellor’s Chat</i> contents</p> <p>Resource request list decisions and rationales</p> <p>Number of training sessions and participants</p> <p>Training session evaluations</p> |

| <p>Strategic Direction 2 Learning Centered Institution for Student Access, Retention and Success (Board Imperative II)</p> |
| <p>Goal 2.1: Ensure access to and delivery of programs, services, and support that meet the diverse needs of students, prospective students, and the community.</p> |

| | |
|------------------------------------|--|
| Objective | 2.1.1: Provide financial and technological support for the facilitation of student access to programs and services. |
| Suggested Actions | <p>Audit existing practices related to student access to programs and services.</p> <p>Evaluate student and staff satisfaction regarding access to programs and services, and implement improvements based on results.</p> <p>Facilitate collaboration and problem-solving between colleges regarding methods for student access.</p> <p>Explore innovative and effective practices and technologies related to student access.</p> <p>Pilot programs based on the results of the exploration.</p> <p>Evaluate the pilot programs.</p> <p>Implement effective practices based on the evaluation.</p> <p>Identify and evaluate potential external sources of funding for these activities.</p> <p>Resources: Provide adequate funding and other support for these activities.</p> |
| Tentative Timeline/Deadline | 2011-12 and ongoing |
| Point Person or Group | Vice Chancellor, Fiscal Services Executive Director, DETS |
| Measurements of Progress | <p>Audit results</p> <p>Assess survey results</p> <p>Documentation of collaboration on methods</p> <p>Report on results of exploration</p> <p>Pilot program descriptions</p> <p>Pilot program evaluation results</p> <p>Documentation of resources provided</p> |

Goal 2.2: Improve student retention, success, and persistence across the district.

| | |
|------------------------------------|--|
| Objective | 2.2.1: Provide financial and technological support for the improvement of classroom instruction and student support services. |
| Suggested Actions | <p>Allow time for discipline-specific professional collaboration during in-service days (e.g., technology in the classroom, teaching methods).</p> <p>Offer teaching and learning symposiums for interested faculty, students, and others.</p> <p>Explore the effective use of technology related to instruction and classroom management.</p> <p>Identify pressing college needs for technology in the classroom, and facilitate implementation of technology that meets them.</p> <p>Provide effective training in these technologies.</p> <p>Identify and evaluate potential external sources of funding for these activities.</p> <p>Resources: Provide adequate funding and other support for these activities.</p> |
| Tentative Timeline/Deadline | 2011-12 and ongoing |
| Point Person or Group | VPIs VPSSs Executive Director, DETS |
| Measurements of Progress | <p>In-service day schedules</p> <p>Symposia outlines, attendance figures, and evaluation results</p> <p>Number of grants sought and received, with dollar amounts</p> <p>Documentation of needs</p> <p>Documentation of implementation and match with needs</p> <p>Number of training sessions and participants</p> <p>Training session evaluations</p> <p>Documentation of resources provided</p> |

| | |
|------------------------------------|---|
| Objective | 2.2.2: Develop and implement a District Staffing Plan that includes targets for improvement of full-time/part-time faculty ratios. |
| Suggested Actions | <p>Conduct research to determine appropriate targets that will promote steady improvement and timelines that are flexible enough to accommodate a range of budgetary constraints.</p> <p>Adopt appropriate targets.</p> <p>Finalize the District Staffing Plan.</p> |
| Tentative Timeline/Deadline | 2011-12 and ongoing |
| Point Person or Group | Vice Chancellor, Human Resources |
| Measurements of Progress | <p>Approved Staffing Plan with applicable targets</p> <p>Annual report of FT/PT faculty ratio</p> |

Goal 2.3: Achieve excellence in teaching and learning at all district sites through professional development and a continuous improvement process.

| | |
|------------------------------------|--|
| Objective | 2.3.1: Maintain district commitment to professional development at the colleges. [See also 3.1.1 and 4.2.1.] |
| Suggested Actions | Establish a coordinating body to ensure an efficient, equitable, robust professional development program. Reinstitute the sabbatical. Establish a central repository for best practices in education. Conduct an annual survey of employees on professional development opportunities and effectiveness. Resources: Provide adequate funding and other support for these activities. |
| Tentative Timeline/Deadline | 2011-12 and ongoing |
| Point Person or Group | Professional Development Committee chairs |
| Measurements of Progress | Documentation of attendance of staff and faculty at professional development activities, including those held at district sites other than their own Survey results |

| | |
|------------------------------------|--|
| Objective | 2.3.2: Maintain the district commitment to continuous improvement processes. |
| Suggested Actions | Provide adequate training of faculty and staff in appropriate and pertinent accreditation standards and processes. Provide adequate training of faculty and staff in the continuous cycle of evaluation and improvement of programs, Student Learning Outcomes, and Service Area Outcomes Resources: Provide adequate funding, facilities, technology, staffing, and other support for these activities. |

| Strategic Direction 3 Resource Management for Efficiency, Effectiveness and Excellence (Board Imperative III) |
| Goal 3.1: Optimize the development, maintenance, and use of resources in accord with applicable plans. |

| | |
|------------------------------------|--|
| Objective | 3.1.1: Evaluate and enhance the system for training employees in accordance with district plans. [See also 2.3.1 and 4.2.1.] |
| Suggested Actions | Identify training needs. Develop appropriate training programs to meet the needs. Deliver training to employees. Evaluate the program annually and revise it as needed. |
| Tentative Timeline/Deadline | 2011-12 and ongoing |
| Point Person or Group | Vice Chancellor, Human Resources Executive Director, DETS Professional Development Committee chairs |
| Measurements of Progress | Number of training sessions and participants Training session evaluations Documentation of training contents and modes |

| | |
|------------------------------------|--|
| Objective | 3.1.2: Review and refine established processes that support the transparent allocation of resources district-wide. |
| Suggested Actions | District Budget Committee evaluates the process annually and recommends improvements as needed. Establish coordination of and communication about grant activity district-wide. |
| Tentative Timeline/Deadline | Ongoing |
| Point Person or Group | Vice Chancellor, Fiscal Services |
| Measurements of Progress | Adopted district-wide resource allocation process. |

| |
|---|
| <p>Strategic Direction 4 Enhanced and Informed Governance and Leadership (Board Imperative IV)</p> |
| <p>Goal 4.1: Optimize governance structures and processes throughout the district.</p> |

| | |
|------------------------------------|---|
| Objective | 4.1.1: Periodically evaluate, enhance, and document district collegial-consultation structures and processes. |
| Suggested Actions | Evaluate the charges of all district collegial-consultation bodies annually, and revise them as needed. Evaluate the effectiveness of district collegial-consultation bodies, and implement improvements based on results. Develop and disseminate a template for committees to use in reporting back to constituency groups. |
| Tentative Timeline/Deadline | 2011-12 |
| Point Person or Group | Chancellor |
| Measurements of Progress | Documentation of the charges of the governance bodies Satisfaction with effectiveness of district governance bodies |

| | |
|------------------------------------|---|
| Objective | 4.1.2: Periodically evaluate, enhance, and document the functional relationships among district entities. |
| Suggested Actions | Create a map of the functional relationships among district entities. Evaluate the effectiveness of the functional relationships, and implement improvements based on results. |
| Tentative Timeline/Deadline | 2011-12 |
| Point Person or Group | Chancellor’s Cabinet |
| Measurements of Progress | Approved map of functional relationships Satisfaction with effectiveness of functional relationships |

| Goal 5.1: Value diversity and promote inclusiveness among employees, students, and the community. |

| | |
|------------------------------------|---|
| Objective | 5.1.1: Establish a district mentoring program for all new employees. |
| Suggested Actions | Develop mentoring program. Designate a person at each site to connect mentors with mentees. Evaluate program, and implement changes based on results of evaluation. |
| Tentative Timeline/Deadline | Fall 2011 |
| Point Person or Group | Vice Chancellor, Human Resources |
| Measurements of Progress | Documentation of program Surveys of mentors, mentees, and others on program effectiveness |

| | |
|------------------------------------|---|
| Objective | 5.1.2: Coordinate district-wide events celebrating diversity for students, employees, and the community. |
| Suggested Actions | Work collaboratively with representative groups from CHC, SBVC, and district offices to develop events. Create and disseminate effectively a district-wide calendar of events celebrating diversity. |
| Tentative Timeline/Deadline | 2011-12 |
| Point Person or Group | College presidents |

| Objective | 6.2.2: Establish a Community Affinity Network to promote and document productive relationships between district employees and organizations in the surrounding communities. |
| Suggested Actions | Create an online social media discussion area to help maximize use of and access to community resources. Create and disseminate annually a list of program sponsors, including Advisory Committee members. Create and maintain a district-wide calendar of the use of facilities for activities. |
| Tentative Timeline/Deadline | Fall 2011-Spring 2013 |
| Point Person or Group | Chancellor’s Cabinet |
| Measurements of Progress | Documentation of discussion area content and usage Published list of program sponsors Published calendar of facilities use |

| | |
|------------------------------------|--|
| Objective | 6.2.3: Support and strengthen Career Pathways. |
| Suggested Actions | Promote collaboration among the district entities and with K-12, four-year institutions, and the business community regarding Career Pathways. |
| Tentative Timeline/Deadline | 2011-12 |
| Point Person or Group | VPIs |
| Measurements of Progress | Documentation of the outcomes of collaboration |

Long-Range Financial Plan and Forecast

To assist the colleges in planning for long-term resource allocations, Fiscal Services updates the following *Long-Range Financial Plan and Forecast* annually. It is based in part on the District Resource Allocation Model approved in Spring 2010, and applies only to the General Fund, the primary operating fund of the district and colleges.

Scenarios A and B represent a range of assumptions from conservative to optimistic. The forecast does not account for yearly budget interventions, significant changes in college services, or other District/College changes.

Scenario A illustrates a "conservative" projection of revenues, assessments, and expenditures. Line items resulting from State allocations such as FTES Credit and Noncredit Funding rates, Growth allocations, COLA, PT Faculty, and Lottery Funds are assumed with 0% increases. Other line items such as Interest Income, and Other Campus Revenues are also assumed with 0% increases. This scenario assumes marginal increases in District assessments and college expenditures.

Scenario B illustrates an "optimistic" projection of revenues, assessments, and expenditures. Line items resulting from all allocations including FTES Credit and Noncredit Funding rates, Growth allocations, COLA, PT Faculty, Lottery Funds, Interest Income, and Other Campus Revenues are assumed with varying percent increases based on historical trends. This scenario assumes moderate increases in District assessments and college expenditures.

The figures in both scenarios are *for illustrative purposes only*.

Notes and Assumptions

Line 2. Assumes workload/budget reduction of \$6,519,000

Line 5. Assumes the same FTES rate as 2010-11

Line 7. Assumes workload/budget reduction of \$6,519,000

Line 9. Assumes the same FTES rate as 2010-11

Line 11. FTE Based computational revenue includes state apportionment, student fees (98%), and property taxes

Line 29. Includes HR, Fiscal Services, Police, and Distributed Education & Technology Services (DETS)

Line 31. Includes Property/Liability Insurance (\$550,000) and Retiree funds for GASB 45 compliance (\$342,000)

Line 35. 20% of total cost of retiree salary plus benefits (year 1 of 5) for 2009-10 SERP

Site budgets with life spans other than 00 and subprograms must maintain a balanced budget

District Assessment Assumptions

Line 29. Assumes -6.3% (\$796,253) budget reduction for District Office Operations from previous year

Line 31. Assumes -16.8% (\$150,000) budget increase from previous year due to increased GASB 45 liability

Line 33. Assumes -9.6% (\$139,617) budget reduction in KVCR Operations from previous year

Line 35. Assumes -4.0% (\$45,480) budget reduction in SERP cost from previous year

Line 37. Assumes -0.4% (\$800) budget reduction in PDC Operations from previous year

Characteristics of the District

District Strategic Planning Implications Identified by the Committee

The DSPC discussed student demographics of both colleges in light of the environmental scan information (see page 55), and identified the following main implications for district strategic planning:

1. All district planning and resource allocation should be aware of the differences between the colleges in ethnicity, age, socioeconomic status, urban environment, and other factors.
2. The colleges should consider the following coordinated efforts:
 - a. Partnering and integration on workforce development issues/programs.
 - b. Integration and coordination of early college awareness.
 - c. Integration of professional development activities.
 - d. Integration and coordination of outreach to growing/diverse populations.
 - e. Resource sharing.
3. The colleges should continue to employ multiple delivery methods for programs and services.

Economic Development and Corporate Training (EDCT) Division

Figure 10-3:

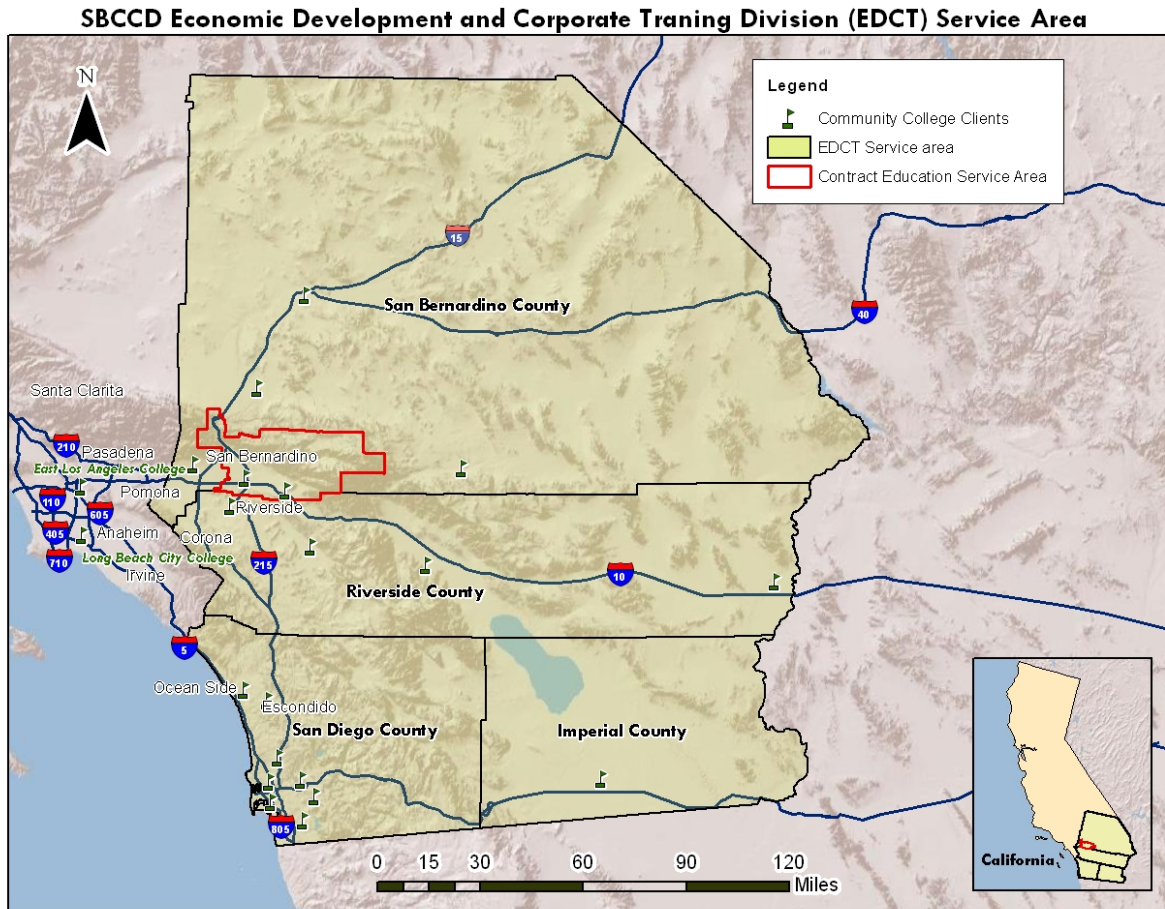

Figure 10-4: EDCT Enrollment Chart

Figure 10-5: EDCT Revenue Sources: Categorical vs. General

Figure 10-6: EDCT Categorical Income Sources

EDCT Income and Expenditure

The Economic Development and Corporate Training (EDCT) division generated \$11 million in revenues from competitive grants, training (fee-based and customized), and labor market research services during fiscal year 2009-10. The competitive grants awarded to EDCT included one year or multi-year funding. EDCT expended nearly \$3.5 million during the fiscal year 2009-10 for providing training and retraining services for displaced, unemployed, and incumbent workers. Since some of the grants were awarded to provide training services for up to three years, over \$7 million of the remaining funds from 2009-10 were carried over to 2010-11.

Of the \$3.5 million expended during 2009-10, \$1.6 million (46%) were spent on salaries and benefits of the staff and the professional experts of the EDCT division. EDCT paid \$895,946 (26%) in subcontracts to partnering community colleges and other vendors to either deliver training services on our behalf or for providing supportive services for our operations. EDCT acquired \$553,999 (16%) in high technology equipment for offering state-of-the-art hands-on training and another \$63,450 (1.8%) was spent to obtain software. EDCT spent \$119,793 (3.4%) in instructional and non-instructional supplies and paid \$16,799 (0.5%) for maintenance and repairs of equipment and for rentals. Further, EDCT spent \$39,896 (\$1.1%) for conference travel and personal mileage. A total of only \$5,409 (0.15%) was spent for advertisements as the majority of the grants limit paying for marketing and advertisement.

EDCT contributed \$145,427 to the general funds of the District as indirect costs from the expended portion of the \$3.5 million revenue. Since what EDCT contributes to the general funds is a factor of the expended revenues, it is expected that EDCT will contribute a relatively larger amount to the general funds during the fiscal year 2010 – 11 compared to 2009-10.

Planning Context: Information from the Environmental Scan

(Information in this section was provided by Dr. Matthew Isaac and Evgeniya Lindstrom of the EDCT Center of Excellence.)

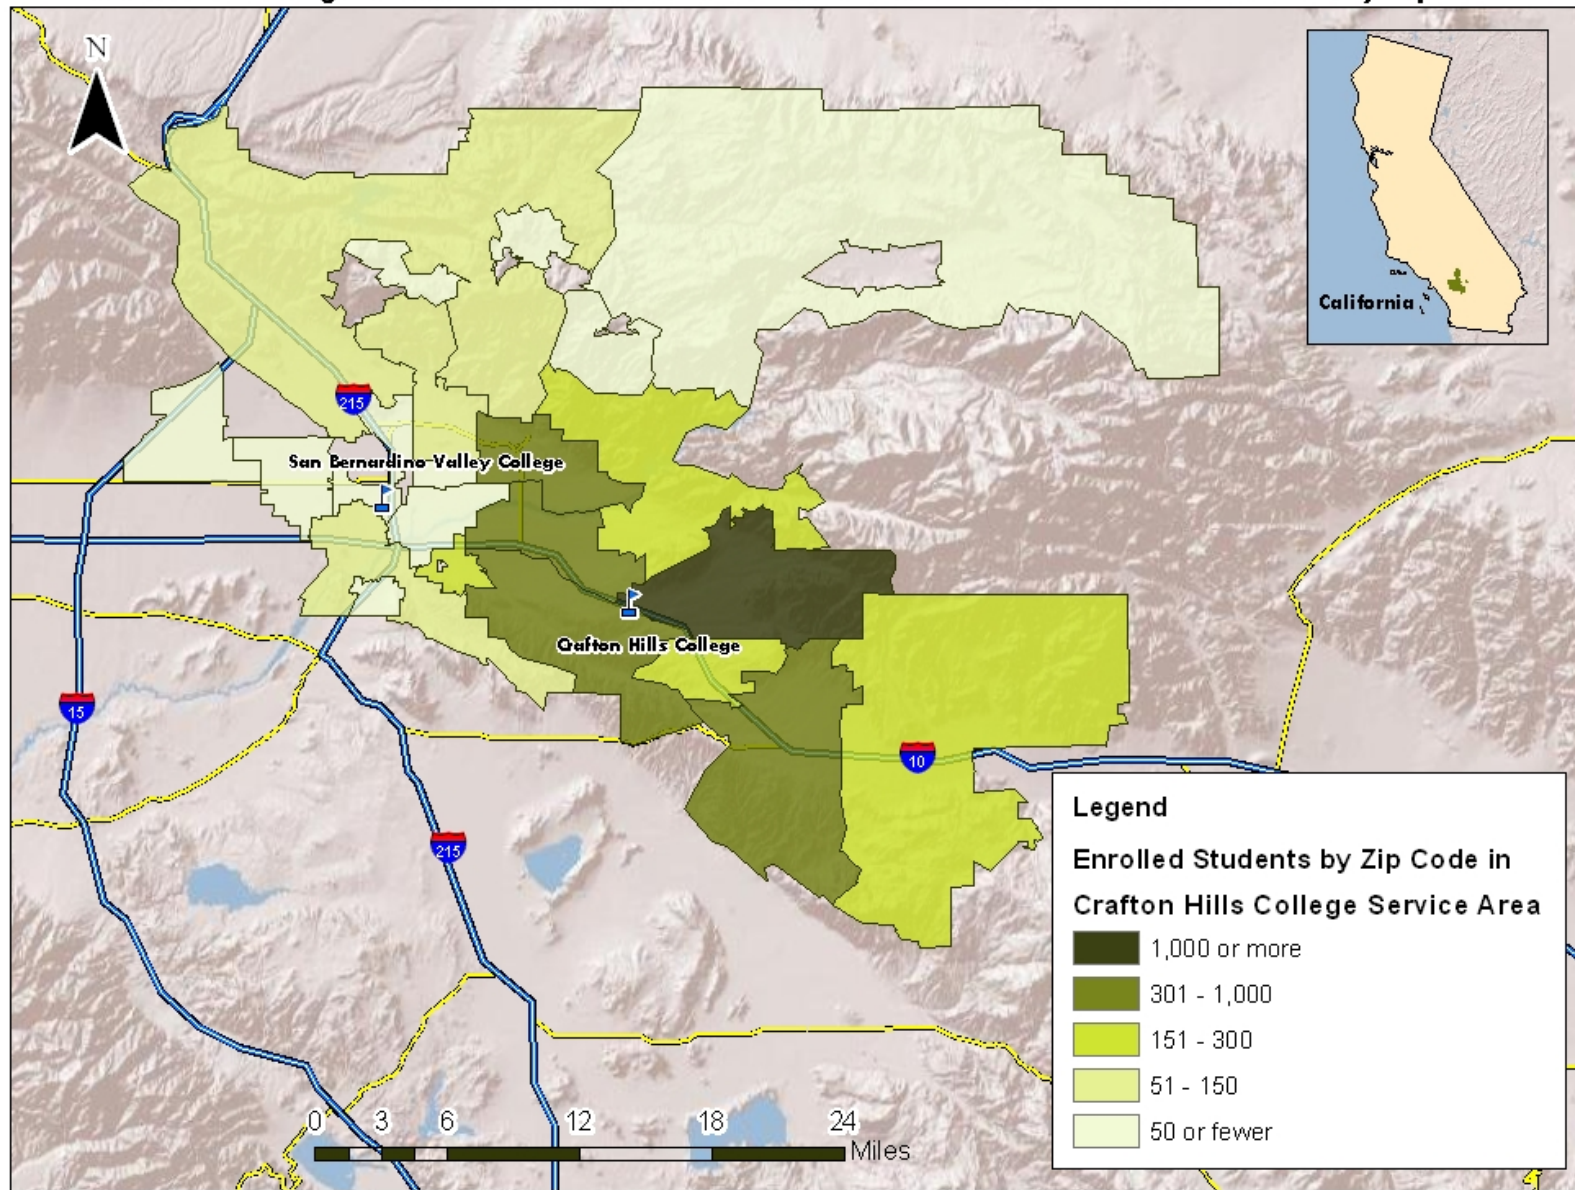

District Strategic Planning Implications Identified by the Committee

The DSPC discussed the environmental scan information below at length, and identified the following main implications for district strategic planning:

1. The colleges should develop/enhance programs and services for each age demographic (e.g., 50 and older in the CHC service area, 19 and younger in the SBVC service area).
2. Larger household size appears to correspond to lower median age in the service areas, with possible implications for financial aid needs.
3. Students disperse all over California from both colleges.
4. The colleges should reach out to alumni with degrees, both in the service area and beyond.
5. The colleges should consider reaching out to students who have had some college, to help them complete a degree.
6. The colleges should support and make more visible the path for vocational students to take general education courses leading to a degree.
7. The district needs to investigate and understand why so many students from other districts attend the SBCCD colleges.
8. The colleges should match their instructional programs to future job growth projections as well as current demand.
 - a. Focus on occupations that pay sustainable wages—especially those that are in high demand and require less than a bachelor’s degree—to “future-proof” the colleges (e.g., construction, professional services, medical records, “green” jobs, utilities).
 - b. Increase resources for high-demand jobs through industry support, alternative scheduling and facilities usage, and other nontraditional means.
 - c. Consider more short-term training, whether for certificates or not for credit, possibly using EDCT to pilot promising programs.
 - d. Align resources with these initiatives.
9. To increase student and community awareness of its programs and services, the district needs to build community partnerships (e.g., with GIS firms) and market and advertise.
10. The district and both colleges should collaborate in identifying new and emerging areas for curriculum development.
11. Support services at the two colleges will continue to be somewhat different due to demographic differences.
12. Specific program implications include the following:
 - a. Support Teacher Education/Prep at both colleges.
 - b. Support Health programs at both colleges. Signature programs will draw from across the region, and focus on jobs that pay living wages and offer bridges from entry-level to more advanced occupations.
 - c. Continue Culinary Arts.
 - d. Focus on transfer in business programs.
 - e. Focus on both associate degrees and transfer in technical areas. Consider partnering with EDCT/ATTC in these areas.
 - f. The logistics program at Riverside Community College District is very strong; there is no need for the district to try to duplicate it.
 - g. For administrative assistants, on-the-job training is predominant, so there is little need for a program.

District Strategic Directions, Goals & Objectives

(Updated as of 05/18/2012)

STRATEGIC DIRECTION 1: INSTITUTIONAL EFFECTIVENESS (BOARD IMPERATIVE I)

*Goal 1.1:
Implement and integrate decision-making, planning, and resource allocation structures and processes that are collaborative, transparent, evidence-based, effective, and efficient.*

| | |
|---------------------------------|---|
| Objective 1.1.1 | Create structures and processes to ensure effective communication about decision-making and collegial consultation among all district entities (namely, CHC, SBVC, DETS, EDCT, KVCR, and district office). |
| Suggested Actions | <ul style="list-style-type: none"> • Publish a periodic <i>Chancellor's Chat</i>, summarizing significant developments and decisions during each month and including other useful information as needed. • At the end of each annual budget cycle, make readily available to all employees the final decisions and rationales on all resource requests. • Train all collegial-consultation committee members in their responsibilities (e.g., participating actively, informing and soliciting feedback from constituents), and in how the committees function. • Build into the agendas of regular meetings and events (e.g., In-service Day, President's Cabinet, Crafton Council, SBVC College Council, Senates, and meetings of other representative bodies) communication about progress on the DSP. • Develop a template or other tool to facilitate regular communication with and feedback from all district personnel about DSP progress. |
| Timeline/Deadline | 2011-12 |
| Point Person or Group | Chancellor's Cabinet |
| Measurements of Progress | <ul style="list-style-type: none"> • Survey of constituency groups and individuals • Outcome: Percent satisfaction with effectiveness of communication • Chancellor's Chat contents • Resource request list decisions and rationales • Number of training sessions and participants • Training session evaluations |
